Description :

Universitas Indonesia has programmes and initiatives to assist students who fall into the bottom 20% of household income group in the country to successfully and complete their studies. UI has many scholarships. Each year, UI conducts a number of training programs for over 1,000 students who are a part of the Bidikmisi Scholarship Program in order to fuel their motivation in their study. These training sessions include work life seminars that can prepare the students for their career after they graduate from the university, academic writing classes to help them produce high quality writing, and mental health related seminars.
