

THE Impact Rankings Questionnaire

University : Universitas Indonesia
Country : Indonesia
Web Address : ui.ac.id

[2] SDG2: Zero Hunger

[2.3] Student hunger

[2.3.4] Provides healthy and affordable food choices on campus

Description:

Universitas Indonesia commits to providing healthy and affordable food choices on campus. The regulations related to HSE for UI Canteen are written in UI Rector's Decree No. 057 of 2017 about the Implementation of HSE Standards in UI Canteen, which was published on December 4, 2017. The following diagram is a series of activities to implement a canteen that reaches the HSE standards in order to apply for the HSE Canteen certification and Eligible Hygiene Certification by the Health Center.

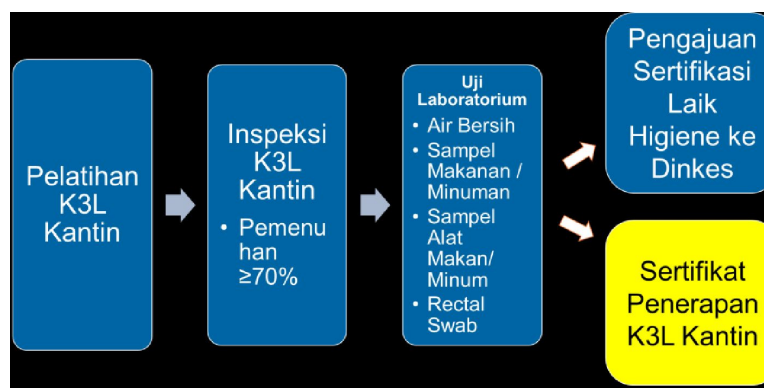

Figure 1. Activities for implementing HSE in UI Canteen

There are 300 canteens/stalls located in universities all over Indonesia according to the data by OHS UPT as of December 2019.

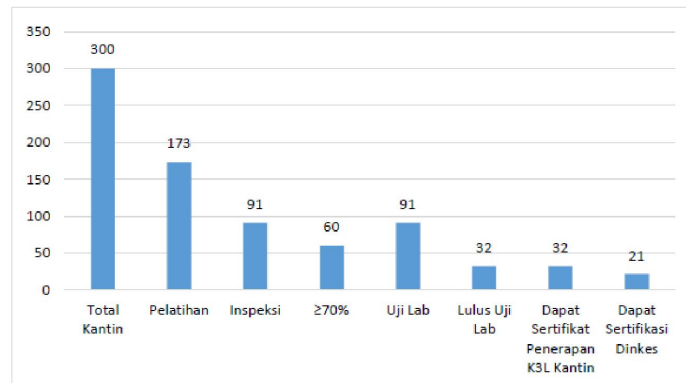

Figure 2. The number of canteens that have participated in HSE training as of December 2019

There are 173 canteens or 58% of the total number of canteens in UI that have attended training from 2016 to 2019. The last training activity was conducted on 10-11 December 2019, and it is attended by 30 food handlers from 18 canteens.

The number of canteens that have gone through laboratory test is 91 canteens (30% of the total), and 35% of them (32 canteens) have passed the test and submitted a hygiene-worthy application to the Depok Health Center.
