

## THE Impact Rankings Questionnaire

University : Universitas Indonesia  
Country : Indonesia  
Web Address : [www.ui.ac.id](http://www.ui.ac.id)

[3] SDG: Good Health and Wellbeing  
[3.3.] Collaboration and Health Services  
[3.3.4] Free sexual health care for students

UI Clinic

**Free sexual health care for students in UI Clinic**

**Free Counseling for Student in UI Clinic**

**Description :**

Universitas Indonesia provides students access to sexual and reproductive health-care services through free health services for students that are provided by UI Satellite Clinic and Faculty. UI Satellite Clinic is the center for physical and mental health services, including health check-up, psychological counseling for mental health, sexual and reproductive health services. The faculty also provides facilitation services concerning mental health, sexual and reproductive issues.

Badan Konseling Mahasiswa (Students Counselling Body) is an institution at UI that delivers services for students in the effort of maintaining health well-being, providing mental health advocacy for those having trouble with academic hindrances, personal and family issues, social challenges and other problems related to mental and sexual health. The counselling services are delivered individually or in groups.

The services are to help students recognize their issues and ultimately to address them properly with the correct treatment and solutions. The counselling team of BKM UI includes psychologist, psychiatrist, and academic counsellor.
