[5] SDG5: GENDER EQUALITY

[5.6] Women's progress measures

[5.6.4] Childcare facilities for staff and faculty

Early Childhood Development Centre Makara

Description :

Universitas Indonesia has childcare facilities for staff and faculty. For example, Early Childhood Development Centre Makara is a Special Work Unit with facilities for Early Age Education for all Universitas Indonesia members (lecturers, employees and students). It is located at the Faculty of Psychology. It has two programs which are day care and preschool programs. Day care program is suitable for the children of Universitas Indonesia employees because the program runs from 8 AM until 4 PM.

Early Childhood Development Centre Makara is a model park for childcare which is in accordance to health and psychology education for 1 until 4 year-old children. CDMP was built together by the Faculty of Psychology, Faculty of Medicine, Faculty of Dentistry, and Faculty of Nursery of Universitas Indonesia. CDMP

is a development and educational laboratory for children as a form of contribution for Indonesian citizens, especially children in early childhood.
