[11] SDG11: Sustainable Cities and Communities
 [11.4] Sustainable practices
 [11.4.2] Promote sustainable commuting

Gowes Electric Scooters

Gowes Bikes

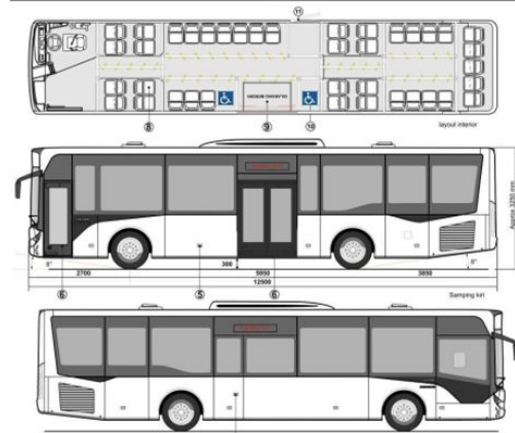

UI Bike Tracks

Cooperation with Transjakarta Busway Limited

Low Deck Buses

UI Electric Bus

UI Electric Car

UI Electric Bike

UI Fuel-Efficient Car

Description:

Universitas Indonesia promotes the use of emission-free vehicles by cooperating with several parties. Its cooperation with Gowes has provided bikes, electric scooters, and electric bikes on the campus. UI cooperates with Transjakarta Busway Limited to provide public transportation in order to press the number of private transportations on the campus. Transjakarta Busway Limited has also helped UI provide vehicles that are friendly to the disabled. Promoting Bike to Campus, UI lays out long bike tracks and faculty bike shelters for its civitas academica. The making of electric vehicles (e.g. UI electric bus, UI electric car, and UI electric bike) and the award-winning fuel-efficient vehicle involves UI students.

UI provides 535 vehicles and has a 10 km bicycle track.

No	Transportation Type	Number
1	Yellow Bike	220
2	Electric Scooter	214
3	Electric Bike	78
4	Yellow Bus	23
Total		535
