**Tentang WBS Universitas Indonesia**  
Sistem Pelaporan Dugaan Pelanggaran UI

*Whistle Blowing System* Universitas Indonesia (WBS UI) atau Sistem Pelaporan Dugaan Pelanggaran Universitas Indonesia (Sipduga UI) adalah mekanisme pelaporan tindakan atau perbuatan yang diduga melanggar Kode Etik dan Perilaku Universitas Indonesia dan/atau peraturan internal dan/atau peraturan perundang-undangan yang dilakukan oleh Warga Universitas Indonesia.

Terwujudnya WBS UI dilatarbelakangi oleh upaya Universitas Indonesia menerapkan *Good University Governance* (GUG) secara konsisten dan berkelanjutan. Disamping itu, WBS UI dihadirkan untuk memenuhi salah satu sasaran program dalam Rencana Strategis Universitas Indonesia Tahun 2015-2019 yakni terlaksananya penegakan semua peraturan di Universitas Indonesia dan meningkatkan kepatuhan terhadap peraturan perundang-undangan yang berlaku.

### Description :

UI holds a declaration of an integrity zone towards a corruption free and clean bureaucracy serving area. The way that the University Principle about corruption and bribery implemented at UI is by disseminating information about UI's Nine Values to UI society (Lecturers, Employees and Students) namely Honesty, Justice, Trustworthiness, Dignity, Responsibility, Togetherness, Openness, Academic Freedom, and Regulatory Compliance.

These Nine Values serve as a testimony that UI is committed to oppose organized crime, corruption & bribery, and plagiarism. If there is a case of alleged abuse of authority related to corruption and bribery, UI will take action regarding this matter. The action is in the form of taking legal steps through the Legislation and Legal Services Agency to prove that the allegation is not true. One example is the case regarding the donation money of PPKM FKUI used by the 8113 Student Family. This case has been mediated by the Indonesian Central Information Commission, with the result that there is no proven violation regarding the matter.

In addition, UI has established Forum Kebangsaan or the National Forum. It is a forum initiated by UI to respond to issues regarding national problems such as political dynamics, economic competitiveness, and diversity. With the theme "National Sovereignty", UI figures who were chosen as the speakers on this event were Prof. Dr. Ir. Iwa Garniwa (issue of energy sovereignty), Faisal H. Basri, SE., MA. (issue of economic sovereignty), and Prof. Dr. Ir. Budi Susilo Soepandji (issue of defense sovereignty), while Dr. Imam B. Prasadjo was chosen as the moderator of the discussion.

The National Forum invites the civitas academia of UI to scientifically discuss issues that are currently trending in Indonesia or the world. Hopefully, the Forum could provide input and suggestions to the Government.

UI also has a System for Reporting Alleged Violations (Sipduga UI). It is a mechanism for reporting actions that are suspected of violating Universitas Indonesia Code of Ethics and Behavior and / or internal regulations and / or laws and regulations committed by the Universitas Indonesia Citizens.
